RE: South Dayton Dump

Dear Mr. Muno:

It is my understanding that U.S. EPA has been unable to secure a good faith offer to perform an RI/FS from the PRP group at the South Dayton Dump in Dayton, Ohio. Ohio EPA is supportive of adding this site to the National Priority List, which would make it eligible to be addressed as a fund lead superfund site. I understand that a final decision on listing will not be needed for some time, but Ohio EPA will seek and recommend our governor's concurrence with NPL listing for this site at the appropriate time.

Should you have any questions regarding this matter please feel free to contact Cindy Hafner, Chief, Division of Emergency and Remedial Response at (614) 644-2924.

Sincerely,

Christopher Jones
Director, Ohio EPA
